## Jumpup cabin rental now available on North Kaibab Ranger District

**Fredonia, Ariz., Nov. 23, 2015 — For Immediate Release.** The North Kaibab Ranger District has added a new cabin to the Kaibab National Forest's cabin rental offerings, which will be available for public use starting today as part of Arizona's "Rooms with a View" cabin rental program, a program that provides visitors with unique recreational opportunities to experience an overnight stay in a historic Forest Service cabin.

Built in 1906 and situated at the mouth of Jumpup Canyon, the historic Jumpup cabin offers a panoramic view of Kanab Creek Wilderness, sitting within the southwestern portion of the Kaibab Plateau near the trailhead for [Ranger Trail #41](#).

The rustic log structure is divided into two distinct areas. The first is a main living and cooking area that has a table and chairs and a small kitchenette with a wash tub. The second is a bunk room with two sets of double over double bunk beds. There is no electricity, running water, or propane, but there is a wood burning stove, which is the sole source of heat, and lanterns and cooking supplies are provided. Cabin renters need to bring their own water, food, firewood, sleeping bags, pillows, towels and personal accessories.

Outside there is an open-air composting toilet, a fire ring, and picnic table. Guests are reminded that this is a Pack It In, Pack It Out site and are asked to practice [Leave No Trace Ethics](#) in order to keep the cabin area nice for other users. Additional information may be found at the [Jumpup Cabin webpage](#).

The rental rate is \$60 per night from Nov. 23 to Nov. 30, 2015, and May 1 to Nov. 30, 2016, and reservations for the rustic two-room cabin can be made at [Recreation.gov](#).
